Home and Life Solutions

People have always thought of consumer products as having a single purpose. Hitachi Home and Life Solutions are engineering a new phase of product development – one where consumer products are interactive and serve multiple purposes.

Leading the cutting edge of future development, Hitachi aims to improve people's lifestyles and become the global brand of choice.

Hitachi's 3-Change ethos means your vacuum has been developed with cleanliness and comfort in mind, supported by Hitachi's own core technologies.

Hitachi's vacuum range helps to provide clean solutions for your home.

VACUUM RANGE

Clean Technology

Hitachi has introduced innovative new technologies on selected vacuum models to keep your home even cleaner.

7-STAGE FILTRATION SYSTEM

This innovative 7-stage system lets air travel through a series of unique filters, capturing the finest dirt and dust particles in the process, while antibacterial and deodorising agents work to purify the exhaust air.

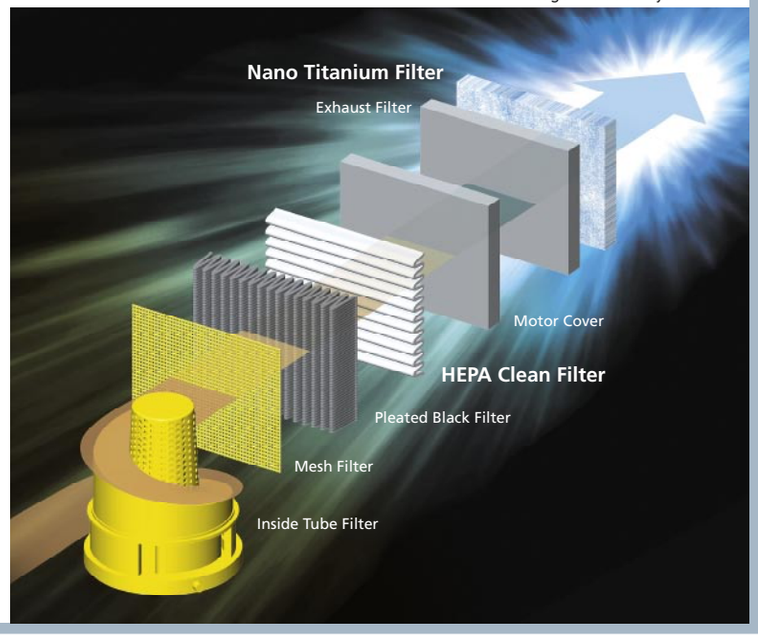
NANO TITANIUM FILTER

Advanced Nano Titanium technology was first installed in home appliances by Hitachi. It allows titanium oxide (TiO2) – a photocatalyst known for its exceptional deodorising and antibacterial properties – to be reduced to the smallest (“nano”) level. This produces an outstanding antimicrobial effect, trapping even the smallest bacteria and odour-causing particles.

PHOTOCATALYTIC FILTER

By capturing sunlight or room light, the photocatalytic filter transforms the air’s oxygen and moisture into highly activated material that restricts the activity of bacteria – giving you cleaner, fresher air.

7-stage Filtration System



CYCLONIC CLEANER

ADVANCED CYCLONE SYSTEM

Hitachi's own cyclone technology creates a whole new level in vacuuming. Advanced Cyclone technology delivers powerful vacuuming while Dust Compression Technology (DCT) compresses the dust in the chamber by up to 50%. The bagless function allows you to dispose of the dust easily and without mess. This means more time between disposal and less associated mess. Available in both barrel and upright models, Hitachi gives you the technology and flexibility you need to help keep your home clean.

HITA3084 Vac Broch Fa18.indd 6 31/3/06 9:36:28 AM

Cyclone Barrel

CVSH20V

- Powerful 2000W motor (max)
- Advanced Cyclone System - Bagless
- With power control
- Dust Compression Technology
- 7-stage filtration using Nano Titanium Filter and HEPA clean filter
- Pull out dust chamber
- Dust removal function
- Telescopic extension pipe with on board tool storage
- Crevice nozzle, dusting brush and rug floor nozzle
- Blower function
- Easy dust disposal
- Available in Titanium Gold
- 2 year warranty

CVSH18

- Powerful 1800W motor (max)
- Advanced Cyclone System - Bagless
- Dust Compression Technology
- 7-stage filtration using Nano Titanium Filter
- Pull out dust chamber
- Dust removal function
- Metal extension pipe with on board tool storage
- Crevice nozzle, dusting brush and rug floor nozzle
- Blower function
- Easy dust disposal
- Available in Blue
- 2 year warranty

Features may vary by model.

Upright

Convenient on board tools and hose extension

Variable surface adjustment

CV90CY SIL

- Powerful 1600W motor (max)
- Advanced Cyclone System - Bagless
- Dust Compression Technology
- High level filtration using HEPA clean filter
- Photocatalytic filter
- 2.0 litre dust capacity
- Upstream airflow technology
- Pull out dust chamber
- On board tool storage including crevice nozzle, dusting brush and rug floor nozzle
- Flexible hose extension
- 9 stage filtration
- Available in Silver
- 2 year warranty

CV90CY RBL

- Powerful 1600W motor (max)
- Advanced Cyclone System - Bagless
- Dust Compression Technology
- High level filtration using HEPA clean filter
- 2.0 litre dust capacity
- Upstream airflow technology
- Pull out dust chamber
- On board tool storage including crevice nozzle, dusting brush and rug floor nozzle
- Flexible hose extension
- 8 stage filtration
- Available in Royal Blue
- 2 year warranty

CV80DP

- 1500W motor (max)
- High level filtration using HEPA clean filter
- 6.0 litre dust capacity
- Washable cloth bag
- On board tool storage including flexible hose extension, crevice nozzle and dusting brush
- Variable surface settings
- Available in Grey
- 2 year warranty

HITA3084 Vac Broch Fa18.indd 8 31/3/06 9:36:38 AM

Hose stand for convenient storage

360° Swivel hose

Designer

CVT885

- 360° Swivel hose connection
- 1500W motor (max)
- Washable cloth bag
- Adjustable cleaning head
- 4.0 litre dust capacity
- On board tool storage, hose stand and retractable cord
- Available in Silver (SI), Shiny Green (SHG), or Wine Red (WR)
- 2 year warranty

CVBH18BL

- Powerful 1800W motor (max)
- Washable cloth bag
- Nano Titanium Filter
- 3.0 litre dust capacity
- Hose stand and retractable cord
- Telescopic extension pipe with on board tool storage
- Crevice Nozzle, Dusting Brush, and Rug Floor Nozzle
- Available in Blue
- 2 year warranty

Canister

CV100

- 1300W motor (max)
- 7.5 litre dust capacity with dust indicator
- 3 piece extension wand
- Variable carpet pile selection
- Cloth filter
- On board accessories storage
- Available in Blue
- 2 year warranty

CVS950 PG

- 1400W motor (max)
- Extra large 18.0 litre dust capacity with dust indicator
- Extension wand and hose stand
- Variable carpet pile selection
- Cloth filter
- On board accessories storage
- Available in Platinum Grey
- 2 year warranty
