

R550ET5 X

550 Litre Refrigerator (Stainless Steel)

KEY FEATURES:

- Advanced Multiflow Air System:
Allows cold air to circulate evenly throughout the refrigerator keeping all areas at constant temperature.
- Nano Titanium Filter:
The Nano Titanium Filter traps and substantially reduces bacteria and odour, leaving the refrigerator purified and odourless.
- Negative Ions:
Negative Ions, along with the chilled air, circulate throughout the compartment, adhering to odours and bacteria helping to suppress bacterial growth.
- Tempered Glass Shelves
- Twist Ice Trays
- E-control
- Long Bar Handle
- Mould Proof Door Gasket
- Slide Case Shelf
- Two Way Humidity Control System

R550ET5 X			
Capacity	Total	L	550
	Freezer	L	193
	Refrigerator	L	357
Dimensions	Width	m	835
	Height	m	1710
	Depth	m	715
Energy Rating	Stars		4
Energy Consumption	Kw/h		575
