

R-S38KPT

404lt Bottom Mount Freezer INVERTER Refrigerator

DESIGNER SERIES

Features

- 404lt Capacity
- Compact Bottom Mount
- INVERTER refrigerator
- Only 344kWh per year power consumption
- Warranty: 5 Year Parts & Labour Warranty (Additional 5 Years Parts Warranty on the Inverter Compressor)
- Auto Ice Maker
- LED Lighting
- iF Design Award 2020
- Fresh Chilled Room
- Tempered Glass Shelves
- Moisture-Guard Vegetable Compartment
- Dual Sensing Control (with Eco Thermo-Sensor)
- Triple Power Filter
- Mould proof Door Gasket
- Double-Deck Freezer Compartment
- No Frost | CFC-Free | HFC-Free

Dual Sensing Control

Hitachi Refrigerators have two Eco Thermo Sensors, which detect any temperature changes separately to enable the ideal temperatures to be maintained in each of the compartments at all times.

If a refrigerator has only one sensor, which is usually in the refrigerator compartment, temperature changes in the freezer due to various factors can't be detected and stored items won't be properly frozen.

Having an additional sensor also in the freezer ensures that won't happen and every item that is stored in each compartment is kept in ideal condition.

Moisture-Guard Vegetable Compartment Optimum High Humidity with the Moisture-Guard

Moisture-Guard on top ensures indirect cooling thus keeping in the moisture released from the vegetables and fruits, maintains the optimum moisture level.

Automatic Ice Maker

Fill the tank in the refrigerator with water and ice cubes are automatically made for you in a convenient position.

Bright, Energy Saving LED Light

Lasts a long time and consumes much less energy than conventional lamps.

Tempered Glass Shelves

As well as offering an elegant appearance, these shelves are scratch-proof, heat-resistant and they prevent spills. What's more, each one of them can hold up to

Powerful Deodorisation

Triple Power Filter

Triple Power Filter removes odour components*1 and removes bacteria 99%.*2

Independent Vegetable Compartment

Located for easy to see and pull out. Made with double-deck construction which is ideal for storing large quantities in an easily organised way.

Fresh Chilled Room

Protects and retains the moisture inside the food, keeping its freshness, as the cold air is not blown directly onto the food. Thus with the decorative piece around the handle, gives the tint of luxuriousness to the chilled room.

Double-deck, Freezer Compartment

For easier viewing by organising from big to small, different size of frozen items.

Capacity: 404L
Freezer: 89L | Refrigerator: 315L
Dimensions: 1,810(h) x 600(w) x 655(d)mm
Cabinet Depth (without Doors & Drawers): 590mm

Dimensions (mm)

□:Space required for ventilation.

*1 Triple Power Filter that catches and removes 7 odour components (Tested by Hitachi. The type of odours : Methyl Mercaptan, Ammonia, Acetaldehyde, Trimethylamine, Propanal, Hexanal and Acetic Acid).
*2 Thus also provides a sterilising effect. Combining the properties of Activated Carbon, Zeolite and Manganese Oxide (catalyst), the filter greatly reduces the percentage of odours present over time. Testing organisation : Boken Quality Evaluation Institute. Testing method : Film adhesion method (JISZ2801). Name of processing component : Filter. Sterilisation method : Application of oxidation catalyst to filter. Subject : Bacteria trapped in filter. Test results : 99% sterilised after 24 hours, achieved using the filter alone. No effect on the environment and food inside the refrigerator.
