REFRIGERATOR

HITACHI

R-WB640PT1

569lt4 DoorFrench Door INVERTER Refrigerator LARGE FRENCH DOOR SERIES

Features

- 569lt Capacity
- 4 Door French Door
- INVERTER refrigerator
- Only 460kWh per year power consumption
- Warranty: 5 Year Parts & Labour Warranty (Additional 5 Years Parts Warranty on the Inverter Compressor)
- Vacuum Insulation Panel
- LED Lighting
- Tempered Glass Shelves
- INVERTER **Dual Fan Cooling Powerful** Deodorization

- Selectable Zone (Soft freeze and Freezer) Auto Ice Maker
- Dual Sensing Control (with Eco Thermo-Sensor)
- Quick Cooling
 - Quick Freezing
- Powerful Deoderization
- Mould proof Door Gasket
- No Frost | CFC & HFC-Free
- **Tempered Glass Door**
- Finish: Glass Clear Black, **Glass Mauve Grey**

Customise your Lifestyle

97 litres of flexible Selectable Zone storage lets you customise from two temperature modes based upon your lifestyle and storage needs.

Time Shortening Soft Freeze (-3° C) You can cook most items

immediately without the need to defrost

Extra Freezer Storage Freezer (-18 to -20° C)

When you want extra storage for bulk shopping or separate space for additional storage needs.

R-WB640PT1GCK Glass Clear Black

Selectable Zone

The Selectable Zone feature allows you to customise two mode settings based on your storage and lifestyle needs: Soft Freeze (-3° C), Freezer (-18 to -20° C).

Automatic Ice Maker

Ice cubes can be made automatically simply by filling the tank with water. When you want to make ice quickly switch the Quick Freezing mode ON which can make the ice approx. 24% faster.

Fresh Vegetables Organised Storage

VIP-Vacuum Insulation Panel

VIP is a thin panel with a very fine glasss fibre vacuum inside, giving an extremely high heat insulation performance to

achieve exceptional energy savings. The thinness of the VIP panel allows for greater storage capasity (when compared to thicker conventional insulation).

ERTER X Dual Fan Cooling

Provides optimum cooling - both the freezer and refrigerator compartments. Improved Dual Fan Cooling with dedicated fans for each compartment ensures energy saving and powerful cooling. This is supported by the Eco Thermo-Sensors that detects any temperature change separately to enable the temperature change to be maintained eachÁof the compartments at all times.

Freezer: 197L | Refrigerator: 372L Dimensions: 1840(h) x 900(w) x 720(d) mm Cabinet Depth (without Door) 640mm
